END OF STRIKE AT DICKERSON RUN BY NIGHT IS POSSIBLE

Men Returning to Work This Afternoon; Some Traffic is Moving.

PASSENGER IS RESTORED

Local Between Connellsville and Pittsburgh. Idle Since the Walkout Was Called, Makes First Trip Tonight; Hope for Returners Restored Soon.

Prospects for a settlement of the strike of railroadmen of the Pittsburg & Lake Erie at Dickerson Run by night seemed bright this afternoon.

Men were returning to work in groups and already quite a number of them had marked up for cut, it was said.

The situation in the yards was better today than it had been at any time since the inauguration of the strike. Freight was being moved to some extent and by night if plans do not miscarry, all the strikers may be on the job.

The yards have been tied up completely since the first day of the strike. There is a large amount of work to be done and freight movements will be slow for a time. Firemen who held out before train men had reported for work were still striking but it was thought they would return.

The train leaving Connellsville at 5:30 o'clock in the morning for Pittsburgh will start again tomorrow. It had been suspended on account of the strike. It will come up from Pittsburgh tonight arriving at 7:30 o'clock, its schedule time.

ROBBERS PASS UP GOODLY SUM AT BELL TELEPHONE OFFICE

Hundred Thirteen Dollars Is Taken While Attaches Are at Lunch; Special Agent Here.

City police and a private detective are working on the theft of \$113 from the office of the Bell Telephone company in the Second National Bank building here yesterday afternoon. The money was taken from a cash drawer, farther down in which was a considerably larger sum. The robber or robbers, however, were evidently satisfied with their first find as the bundle of bills is all that was taken. A large sum in silver was also unaccounted for.

The robbery took place between 12 and 1 o'clock during which time the cashier Miss Blanche Barge was at lunch. She returned to the office at 1:10 o'clock and almost immediately discovered the robber. The money was the receipt of the morning's collection.

City police were called and given a description of two persons seen going up the stairs during the hour in which the money was stolen. With these slender clues to work on the officers began to go over the city carefully and today were still on the case in conjunction with a Pittsburgh detective brought in by the telephone raid.

The office of the company is located on the fourth floor. It is closed during the noon hour and the thieves are believed to have gained an entrance through a real door which had been overlooked and left unlocked.

One of the most important matters will be the possibility of securing a home for the post. Such posts of the Legion at other places are securing homes and as the local organization has been one of the liveliest in the state it is desirable that one be located here if at all possible.

Boys Resent Claim That "Bingvillers" Beat Them Up.

CONNELLSVILLE MEN
OF WEST PENN SYSTEM
FEATURE IN MAGAZINE

Quarier, "Banty" Freeman, George Brown, W. S. Anderson and Others in Text and Pictures.

Connellsville employees of the West Penn System figure largely in the pages of the current issue of the "West Penn Magazine," of which W. P. Sherman is editor, and William D. Clasper, William S. Anderson, Ernest R. Kooser and Harry Restoski are associate editors.

The smiling countenance of R. R. Roberts, William M. Griffith, William Thomas and James Chiaroworth, members of the West Penn Quartet, look out from one of the pages.

The history of "Banty" Freeman, the veteran motorman from the time he entered the service of the Connellsville Suburban Street Railway on December 25, 1899 to date, forms an interesting contribution, accompanied by a life-like portrait of the subject of the sketch.

George Brown, superintendent of Connellsville district, who on May 1 rounded out 25 years of service with the West Penn, has his life history from the days when he became a "rooky" lineman until advanced to his present position, recounted with very careful attention to details and appropriate and deserving complimentary mention.

Former Chief Clerk W. S. Anderson of Connellsville who has so recently

been promoted to assistant to Vice President Mitchell with headquarters in Pittsburgh that he is yet claimed by Connellsville, recognition of which is given by an illustrated story of how he was "watched" by his former associates in the Connellsville office just before he took his departure for Pittsburgh. No less gracious mention is made of the promotion of L. E. Hankinson, superintendent of the Connellsville Power station to be superintendent of efficiency, and of J. E. Thomas, system operator to be superintendent of operation and H. S. Pitch to be system operator.

A feature of the magazine that will provoke a smile in Connellsville as well as elsewhere is the editor's recital of his experience in selecting the type of electric washing machine that combines all the essentials and novelities needed in a device of this kind in an up-to-date home.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have Paroxysm or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paroxysm, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know what it is composed of.

JAPAN DESCRIBED
BY WOMAN WORKER

Need of Church Is Education of Native to Accomplish Desired Missionary Results, She Says.

The congregation of the First Baptist church was well repaid for the evening Wednesday when Mrs. Paul L. Gerhard, of Sandai, Japan, presented the educational work of the missionary in North Japan college. Mrs. Gerhard is the wife of Rev. Gerhard of the college staff, who spoke in the reformed church at the same hour.

The speaker showed how the native Japanese must be won to the Christian cause and then trained for the service of his own countrymen. She said that it is impossible for the American or any other nationality to do the whole task for the foreign nation that the great thing we can do is to win a select group and fit them through our better and Christian mission schools to be the leaders of their own people.

Mrs. Gerhard thinks Japan's keenness and aggressiveness call to the American church to send her best young people at once to save a nation soon in the throes of modern industrialism. She showed conditions in industrial centers now where women work 12 to 15 hours a day and where the two shifts send women into bed under a dormitory system that never allows for slight sanitation or attention to cleanliness. The modern system without the Christian spirit permeates it will mean death to the nation, she said.

THE CENSUS RETURNS.

The more study given to the report of the Census Bureau placing Connellsville's population at 13,804, the more difficult does it become to understand why there is so great a discrepancy between the reported count and the expectations of those who had made careful and, they believed, conservative estimates of what the 1920 enumeration would show.

In view of the facts obtainable from other sources, indicating the growth in population, the conviction becomes strong that there were either material omissions in the 1920 enumeration or that the census of 1910 contained errors of duplication. With evidence like that of the Bureau of Vital Statistics, which shows an excess of 1,300 births over deaths during the past 10 years, and the knowledge that more than 100 new homes have been constructed during that period and that there is scarcely a vacant house in the city and that even rooming accommodations are difficult to procure, it is felt natural there should be hesitancy to accept the bureau's figures of 1920 as accurately representing the increase since the last census. The births and the increases resulting from the establishment of new homes in the gain if the number of rooms should, at the lowest estimate, account for approximately 2,000 persons, or about twice the gain shown by a comparison of the 1920 and the 1910 totals.

Part of the discrepancy may be accounted for by the fact that the enumeration of 1920 was made six months earlier in the year than in 1910, hence the intervening period is in reality one and one-half instead of full 10 years. Again, the enumeration of 1920 was made in the midst of severe winter weather which tends to reek up in a less thorough canvas than in the pleasanter months of summer. Some omissions are known to have been made in 1920, a number of families having voluntarily made report to that effect. Whether omissions have been general has not been determined and evidently will not be unless some action is taken with a view to ascertaining the precise facts. Without such action it will appear that the people of Connellsville are willing to suffer their disappointment in silence and accept the returns as made, in which respect they differ from the people of our hereditary rival—the county seat. There, the demand for a count has become sort of an ingrained habit.

The uprising in Mexico having divided into three separate revolutions, the natives do not feel that conditions south of the Rio Grande are fast assuming normal.

The government lost over \$1,000,000 through Political Master General Purleson's experiment in regulating telephones. But that is a mere bagatelle to what the nation has lost through the unregulated talk of the irresponsible heads of some of the government departments.

Senator Knox's resolution, merely recognizing the right of the people to self-government in the union, while President Wilson persists in his notion that it is not and will not be, so long as he can, retain the extraordinary powers conferred upon him as a war measure.

The preferential primaries are proving nothing more conclusively than that they are confounding the presidential guessers.

The Boys in Blue have no kick coming at the front door Congress has a job to do in the latest pension bill, but how about the Boys in Blue? Knox whom Congress and the country seem to have forgotten?

In demanding a solid foundation for the Crawford avenue re-having its city council has a sound footing of its own.

The Knox peace resolution promises to start a new war. It will be less languid than the recent struggle, the most deadly ammunition to be used being words.

Thanks to the courtesy of the revolutionaries Carranza has a chance to fight while the quieting is fixed.

What will certainly be a new type of revolution, if the leaders of the movement succeed in making Mexico "dry" and put it to the national pastime of gambling.

HANS WAGNER AGREES TO PLAY WITH INDEPENDENTS; WILL BE HERE PROBABLY JULY FOURTH

Management Had Hoped to Have Former Star Shortstop For Opener.

STAND FUND NEAR GOAL

That the Connellsburg Independents are out to give this city a team which it should feel justly proud of is emphasized by the letter following in this article. The management has been in communication with the famous Honus Wagner to get him to join the team. Wagner is tied up with Carnegie Tech until July 1. After that date Hans will be a free agent to play where he chooses. On July 4, it is almost assured, Wagner will play his first game with the Independents. Aside from his well-known ability as a baseball player he will be one of the strongest attractions the club could have. Wagner is only one of the several big players the Independents are after. The club intends to go the limit to give this city a ball club that will be second to none. Wagner's reply to the club's overtures to get him to participate in the opening game on May 13 follows:

"Mr. Duke Barry:—Your letter at hand regarding playing a game at your place Saturday, May 15. I am sorry, I am unable to play with you that day, as I am coaching Carnegie Tech team and we have a game and a dual track meet on that date. I am tied up at Tech until July 1. Later in the season I would be pleased to be with you. Wishing you a successful season." Yours truly,

HONUS WAGNER.

This proves conclusively that the Connellsburg baseball club has the interests of the local fans at heart in trying to get a good strong team together to be the official representative of Connellsburg.

It is regrettable to note that one of the local teams has announced that it has a game scheduled for Memorial Day at Fayette Field. This team evidently is not aware of the fact that the Connellsburg Independents have a double-header booked for that day. The Connellsburg Baseball club arranged some time ago for the use of Fayette Field for its games to be played on Saturdays and holidays at that place. This arrangement was with the local school board, which has an unexpired lease on the property.

This game was called to the attention of officials of the Connellsburg Baseball club yesterday morning and they immediately got in touch with the board of directors of the school, learning no team or club had consulted the board about playing on that day. The members of the school board will abide by their agreement allowing the Connellsburg Baseball club the use of Fayette Field every Saturday and holiday from May 16 to Labor Day.

PERRYOPOLIS TO HAVE STRONG BALL OUTFIT

PERRYOPOLIS, May 6.—Perryopolis promises to have a fast baseball team. As there have been no athletic events in this little up-to-date town in the past few years on account of the war, everyone is anxious to see the boys in action again.

In looking over the material from which the team will be moulded, we find a number of real athletes. Name "Pop" Hixenbaugh, who so ably handles the catcher's mitt; "Pat" Carson and "Butch" Yenckick, on the

mond; Morrow or Prof. Fife at first, with Robinson at second; "Ping" Townsend on short, Yenckick at third, and leaving Kellor, Burgess, Fife or Morrow for the outfield. Coach Townsend also promises to be with the outfit. There are other capable aspirants for different positions.

Perryopolis always produced a good outfit, which, of course, is due to the supporters of the many good things which go to put the little town on the map. The boys are proud to mention the names of a few boosters. When it is said such men as J. Alvin Byers, A. Joseph, J. A. Kalman, Dr. J. R. Martin, R. L. Washington, N. George, W. L. Cortese, Dr. H. P. Kammerer, "Bill" Armstrong, Leslie Brown, Polander & Yenckick, G. T. Davidson, M. Karolik, Raymond Strickler, Tom Krush and Charley Martin, owner of the ball park, and many others who represent the business interests of the town are interested in the promotion of what they consider a good thing in the community. It is usually taken for granted it will be O. K.

The opening game will be played on Memorial Day, weather permitting.

but it, yet too late—she's gone, slightly pretty girl too. I told the boy it was a blame shame for her to run off thataway."

"Who has run off?" And Westcott's hand crushed down on the man's shoulder.

"What are you talking about?"

"Me! Let up will you? You was here hopin' to see that New York girl, wasn't yer?"

"Miss Donovan? Yes."

"I'd forgot her name. Well, she ain't vere—she's left."

"Left—gone from town?"

"Sure, slipped out sudden in the night, took the late train East I reckon. Never said no word to nobody—just naturally packed up her dude an' hiked."

Westcott drew a deep breath.

Surely you do not mean she left without any explanation? She must have paid her bill!"

She was square enough—sure. She left money on a note pinned to her pillow, said she just got a message callin' her home—want her to see what she wrote?

"On bet I do, Timmons!"

Timmons waddled around behind the desk and ran his hand into a drawer. Evidently he considered the matter a huge joke, but Westcott snatched the paper from his fingers impatiently and eagerly read the few hastily penciled lines:

"Have received a message calling me East at once. Shall take the night train and inclose sufficient money to pay for my entertainment."

"S D"

He stared at the words, a deep crease between his eyes. It was a woman's handwriting and at first glance there was nothing impossible in such an action on her part. Yet it was strange if she had departed so suddenly without leaving any message for him. His eyes narrowed with aroused suspicion as he looked up from the slip of paper and confronted the amused Timmons across the desk.

**USE "TIZ" FOR SORE,
TIRED, ACHING FEET**

No More Puffed-up, Burning, Sweaty Calloused Feet or Corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, human-tormented feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses, and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store—don't wait. How glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.—Adv.

CRUDOLEUM

**FOR POLISHING HIGH CLASS
FURNITURE**

You simply must try CRUDOLEUM for polishing furniture. Its touch leaves that rich, soft glow that makers of high-class home fixtures take such pains to attain. Step into the finishing room of the piano factory—if you please; if you watch closely you will usually discern the bottle which contains the same old-time polish "Petroleum," that brightened the homes of many years ago. It has marked the passing of many other polishes. CRUDOLEUM is the higher, cleaner, purer grade of that time-tested, undaunted petroleum.

Nature, in her marvelous laboratory, has compounded CRUDOLEUM with exactness, filtered and re-filtered it until clean and clear, then stored it in the chamber of the rocks, from which the man's ingenuity sent it gushing cool and sweet, rich and light in color, bubbling and sparkling into the sunlight, a perfected and finished natural product.

Although its beautiful color was admired by many who visited the well, it was the president of the Simpson Drug Co. who saw in it, on account of its exceptional purity, great possibilities as a superior product for drug and chemical uses. The Connellsville Drug Co. and the Broadway Drug Store, agents in this section, sell a large bottle for 35c, and are authorized to return your money to you if you are not pleased with CRUDOLEUM. If your druggist does not keep it, send 4c to Wm. M. Simpson Drug Co., Wholesome Druggists, Wilkinsburg Station, Pittsburgh, Pa., and you will receive a half pint bottle by return mail.—Adv.
